Billiard cloth Simonis 860

Simonis stands for generations for superior quality in the production of billiard cloth. The functional superiority of the first-class weave structure ensures greater accuracy and consistency. The balls roll on it very precise and fast. The insensitivity of the material to grooves and depressions makes it the best possible surface for playing and guarantees long-lasting enjoyment of the game.

The Simonis HR combines the efficiency of the 760 with the strength of the 860 - providing the most durable commercial-grade billiard cloth ever made.

- Width: 198 cm
- Blend: 71% Wool, 29% Nylon, ca. 590g/m²
- Finish: Worsted HR (High Resistance)
- Speed: Fast (slightly faster than Simonis 860)

Price per meter
The cloth with a roll width of 165 cm is suitable for 7, 8 and 9 feet tables!

We recommend the following cloth dimensions to obtain a pool table including cushions:

7 feet: min. 2.30 meters (recommended 3.00m)
8 feet: min. 2.90 meters (minimum of 3.00m)
9 feet: min. 3.60 meters (recommended 4.00m)
Make sure that you order cloth in sufficient size, because on customer's request cut cloth is excluded from the exchange and revocation.
