PHANTOM-2 11.8 Carbon Pool Billiards shaft

Tip diameter / Diameter: 11.8mm
Tip: Kamui Black S
Ferrule: JUMA
Taper: Euro-Pro-S
Length: 29.5 "inch
Joint thread type: UNILOC
Ring: black Ø 21.4mm
Weight: 100-110g

PHANTOM-2 11.8 SuperSlim is another reworked version of the Phantom Carbon shafts.
The biggest change is the new special Euro-Pro taper from our own development and of course the slim diameter with just 11.8mm

Product information

With a slightly different production technique very good results in the LD range in the game of play.
In the area of balance, it is perfect and gives you a wonderfully balanced game device.

The surface of the phantom also makes it possible to play without a glove and thus to keep the direct contact with the game device.

Made in Germany.

Available with the following thread type
5 / 16x14
5 / 16x18
3 / 8x10
3 / 8x11
Radial
UNILOC
Wavy
