Billiard Soft cue case

Model: 35 grey

The modern bag made of real leather has space for 5 shafts and 3 butts. Its outer material has a shock absorbing effect, is water resistant and very robust. On the inside it is padded with soft cushions. Multiple tubes keep the cue-parts separated so they can’t move or cause each other friction.

The spacious outside pockets with practical zippers provide a lot of space for accessories like gloves, chalk, jump butt etc. Included compartments help you to keep an overview.

With a clip on the top of the bag, which can be opened separately, your cues can be reached comfortably and quickly.

The light weight cue case features a stable sports handle and an adjustable, padded shoulder strap with high wearing comfort. Metallic pedestals at the bottom protect the material when put down.

- room for 3 butts and 5 shafts
- outer material: robust leather
- inner material: soft black cloth
- adjustable, padded shoulder strap
- stable sports handle
- one big (45 cm) and one small (20 cm) accessories bag
- length: 84 cm
