PHANTOM-2 Carbon Pool Billiards shaft

Tip diameter / Diameter: 11.8mm

Tip: Kamui Black S

Ferrule: JUMA

Taper: Euro-Pro-S

Length: 29.5 "inch

Joint thread type: UNILOC

Ring: black Ø 21.4mm

Weight: 100-110g

PHANTOM-2 11.8 is another reworked version of the Phantom Carbon shafts.

The biggest change is the new special Euro-Pro taper from our own development and of course the slim diameter with just 11.8mm

With a slightly different production technique very good results in the LD range in the game of play.

In the area of balance, it is perfect and gives you a wonderfully balanced game device.

The surface of the phantom also makes it possible to play without a glove and thus to keep the direct contact with the game device.

Made in Germany.

Available with the following thread type

5 / 16x14

5 / 16x18

3 / 8x10

3 / 8x11
