EXTENSION

Adjust the hit ball distance (according to personal needs)

WEIGHT BOLT

Adjustable weight (according to personal needs)

WHY CHOOSE US?

VS

- Titanium Alloy 1/8" joint: High temperature and humidity stability
- Lizard-grain Cowhide Grip: Heat-resistant and deformation-resistant, maintaining long-lasting performance, strong grip, preventing sweating pain
- HYPER X7 Technology: A hybrid structure of carbon core and maple, combining excellent carbon rigidity with maple elasticity, offering superior stability, efficient energy transfer, and a smooth hit feel
- Performance-Tuned Primary Butt Material: We carefully select and process materials to ensure balance, stability, and a consistent, high-quality striking experience
- Stainless steel 1/8" joint: The joint has a strong pressure resistance
- Standard temper coating process: Resisting corrosion and wear
- Maple/Oak/Ally Wood: Easy to break after overuse, give their vibration
- The butt has a single material: The butt structure is simple and clear, without hidden
