WHY CHOOSE US?

VS

- SLIMA Ferrule**
 - Ultra high hardness/prestige control/variable table rotation
- Pro Taper**
 - Hexacubic grade carbon fiber and professional grade taper (same as elite)
- High-tech Dialtal Decal Technique**
 - Extreme beauty and high-end texture
- Customizable Requirements**
 - Adjust the weight and stiffness according to personal needs

- Short Metal Ordinary Ferrule**
 - Easy to damage with feedback
- Standard Taper**
 - The gradual transition when cutting is too large, the efficiency of force transmission is low
- Ordinary Wrapless Grip**
 - Ordinary wrapless grip, not durable and uncomfortable
- No Customization Capabilities**
 - Unable to adjust the weight and stiffness
