Grady is probably right. There are now over 100,000 copies of this book that have been sold since it was written by The Monk.

Point The Way also emphasizes the importance of a sound set of basics on a strong foundation. It presents you with a variety of shot layouts and drills and provides a real understanding of pool's inner game. Point The Way also includes a hefty "Practice and Training" section in which The Monk "shows the shots that win games". Master these shots and you'll make the top ten."
